

Appendix V Greywater Installation Cost Survey

This survey used the expert opinion of tradespeople to estimate greywater system costs. Interviews with greywater system installers were conducted over the phone or using a web form between July and September 2012 , with 20 tradespeople who had installed a total of 259 systems. 2009 was chosen as the start point because that was when simple systems became legal in California.

How many total greywater systems have you installed since 2009?

Of these systems, how many were Laundry to landscape?

Of these systems, how many were Branched Drain?

Of these systems, how many were pumped systems?

Of these systems, how many were other types of systems?

What is the average materials cost for a L2L system?

- 0-\$250
- \$250-\$500
- \$501-\$1,000
- I haven't installed L2L systems

What is the average labor cost for a L2L system?

- 0-\$250
- \$250-\$500
- \$501-\$1,000
- \$1,001-\$1,500
- \$1,501-\$2,000
- \$2,001-\$2,500
- \$2,501-\$3,000
- \$3,001-\$5,000
- More than \$5,001
- I haven't installed L2L systems

What is the average materials cost for a branched drain system?

- 0-\$250
- \$250-\$500
- \$501-\$1,000
- \$1,001- \$1,500
- I haven't installed branch drain systems

What is the average labor cost for a branched drain system?

- 0-\$250
- \$250-\$500
- \$501-\$1,000
- \$1,001-\$1,500
- \$1,501-\$2,000
- \$2,001-\$2,500
- \$2,501-\$3,000
- \$3,001-\$5,000
- More than \$5,001
- I haven't installed branch drain systems

Does this cost include permit fees?

What is the average permitting fee cost for a branched drain system?

- \$150-\$250
- \$250-\$350
- \$350-\$450
- \$450-\$550
- \$550 +

What is the average materials cost for a pumped system?

- \$250-\$500
- \$501-\$1,000
- \$1,001-\$1,500
- \$1,501-\$2,000
- I haven't installed pumped systems

What is the average labor cost for a pumped system?

- \$250-\$500
- \$501-\$1,000
- \$1,001-\$1,500
- \$1,501-\$2,000
- \$2,001-\$2,500
- \$2,501-\$3,000
- \$3,001-\$5,000
- More than \$5,001
- I haven't installed pumped systems

Does this cost include permit fees?

If so, What did the permit cost?

1. \$50-\$150
 - \$150-\$250
 - \$250-\$350
 - \$350-\$450
 - \$450-\$550
 - \$550 +

If you have installed other types of systems, please briefly describe the system and the cost (materials, labor, and/or permits)
